To whom it may concern:

Servicing our community for over 30 years; the Appliance Doctor is moved by the numerous stories of wounded service members returning home from protecting our country who have suffered devastating injuries. The Appliance Doctor would like your help in taking action towards providing aid for wounded service members that now need our support. Please review the details below:

MISSION

The mission of Appliance Doctor's Walk for Wounded Warriors is to honor and empower wounded service members returning home from protecting our country.

PURPOSE /GOAL

To raise awareness and to enlist our community's aid for the needs of our injured service members by hosting a unique, family friendly walk that will directly focus on honoring our wounded warriors. The Appliance Doctors goal is to rise over \$5,000 during the family friendly 5k run/walk

EVENT DATE

In mid October 2012, with your help, the Appliance Doctor would like to join our community together in a family friendly 5k walk/run to help the wounded warriors who have experienced devastating effects and are in need of our communities' assistance.

REGISTRATION FEE / PLEDGE

Participants pay a small registration fee. This contribution will help to cover event costs. We will encourage participants to collect pledges from family, friends, neighbors and co-workers. This is a great way to get our entire community involved with the Wounded Warriors Walk, while raising additional funds for veterans.

Thank you in advance for your support. Please call me if you have any questions or comments about the Appliance Doctor's Walk for Wounded Warriors. I can be reached at 914-968-1510.

Sincerely,

Anthony Attanasio
