Zoning Board **Submission Process and Instructions**

WHY IS ZONING BOARD APPROVAL NEEDED?

In accordance with Article 5-A of General City Law and Chapter 267 of the Mount Vernon Zoning Code, the Zoning Board of Appeals reviews use and dimensional variance requests and interprets the Zoning Code. Variances are required when proposed improvements on a site or to a structure do not meet the bulk regulations in Zoning Code or when an applicant is proposing a use that is not allowed in a particular zoning district. Zoning Board interpretations occur when an applicant disagrees with the Building Department's determination that a variance is required. In that instance, the applicant may request that the Zoning Board make an interpretation regarding specific section(s) of the Code.

WHAT IS NEEDED BEFORE AN APPLICATION CAN BE PREPARED AND FILED?

To proceed with a request for relief from the Zoning Board of Appeals, applicants must identify the type of application to be prepared based upon the scope of work to be performed. If a proposal is made to utilize land for a principal or accessory use that is not allowed in the zoning district, the applicant would have to request a use variance. If a proposal is made to alter lot area or other dimensional requirements of Chapter 267 of the Zoning Code, the applicant would have to request an area variance. If an applicant does not agree with the Building Department's determination that a use variance or an area variance is required, the applicant may appeal to the Zoning Board to interpret such provision of the Zoning Code.

Prior to filing an application with the Zoning Board of Appeals, applicants must contact the Building Department to receive a Plan Examiner's Report for the proposed project. The Plan Examiner's Report will indicate the type of Zoning Board of Appeals relief required. Applicants may contact the Zoning Board Secretary in order to schedule a pre-submission meeting to review the nature of the project and to review the Zoning Board of Appeals process with the Technical Staff, the Commissioner of the Building Department, and the Plan Examiner. It is best to schedule a pre-submission meeting after obtaining a Plan Examiner's Report.

The notification to abutters is based upon the type of property under Zoning Board consideration. Applications that are for the construction of or modification to existing or new one, two, or three-family dwellings must notify, at a minimum, all abutters within a 250' radius. Applications that are modifications for the construction of or modification to existing or new multi-family structures or non-residentially zoned properties or to properties that have non-residential uses must notify, at a minimum, all abutters within a 500' radius. Said notices must be mailed no more than twenty-one (21) days before the hearing date and not less than ten (10) days before the hearing date.

In order to avoid multiple notices of the same application going to an owner who lives in the same area, it is advisable to go to the Department of Assessment and have that department certify that the owner(s) are one and the same with different addresses to avoid multiple mailings.

A legal notice must be placed in the official newspaper of the City of Mount Vernon, which as of this date has been designated as *The Journal News*. (Please refer to the legal advertising form for requests being made via facsimile).

In order to ensure all public hearing requirements have been completed correctly and timely, applicants must provide proof of mailing to abutters in the prescribed radius, proof that a legal notice has been published in *The Journal News* and proof a sign has been posted at the site. - All white Post Office mailing receipts.
- All return receipt cards.
- Any and all returned envelopes.
- A confirmation from *The Journal News* indicating dates the legal notice was published.
- An affidavit of regular mail.
- An affidavit of sign posting.

There are certain required items for proof of mailing applicants usually receive after the public hearing date. Those items usually include the original affidavit of publication from *The Journal News* and public hearing notification cards and returned public hearing notification envelopes which can be mailed or hand delivered to the Zoning Board Secretary.

A sign must be posted on the site fourteen (14) days prior to the assigned hearing date to notify the public as to the improvements proposed by the applicant. All signs shall meet the following requirements:

All signs must be removed forty-eight (48) hours after the Planning Board makes a determination on the application. WHAT HAPPENS IF MY APPROVAL EXPIRES?
