CONTRACTOR INFORMATION FORM INSTRUCTIONS

The following documents and fees must be submitted before the permit can be released to the permit holder or his representative:

- a. Completed Contractor's Information Form, signed and notarized by each interested party;
- b. Certificates of insurance, labeled as specified below;
- c. Copy of Westchester County Home Improvement license, for work on residence buildings with 4 or less dwelling units.
- d. Permit fee and all associated fees must be paid.
- e. Fee for letter of completion, certificate of occupancy or tenancy, as applicable, must be paid.

Note that it is the responsibility of the permit holder –“the Contractor”- to retrieve the permit and (1) post it conspicuously at the work site, (2) have the approved plans available at the work site, (3) request and pass the required inspections and have the inspection report signed off by the appropriate inspectors, (4) return the signed inspection report with the request for a the letter of completion, or the application for a certificate of occupancy or certificate of tenancy, as applicable, at the completion of work.

IF WORK IS TO BE PERFORMED BY A CONTRACTING COMPANY OR CONTRACTOR

NOTE: The Permit Holder is the general contractor.

- a. **Completed Contractor Information Form:**
Part A and B must be completed for work to be performed by the permit holder;
Part C must be completed by the property owner.
- b. **Certificates of Insurance:**
The “Department of Buildings of the City of Mount Vernon, Roosevelt Square, Mount Vernon, NY 10550” shall be named **certificate holder** on each certificate.
 1. Liability insurance certificate, naming the **City of Mount Vernon as additional insured**, and listing the location of the work.
The minimum coverage shall be \$50,000.00 / \$100,000.00 for personal injury, and \$5,000.00 / \$25,000.00 for property damage. No deductible is permitted.
There should be provision for ten days notice for changes in policy or cancellation.
 2. Worker's Compensation insurance certificate: form BP-1, SI-12, U-263, C-105.2 or GSI-105.2.
Note that for demolition, the certificates of liability and Worker's Compensation insurance shall specifically certify coverage for demolition work.
And,
Disability insurance certificate: form DB 120.1 or DB 155, or
 3. **If the work is only performed by the owner(s) of the contracting company**, a waiver from the Worker's Compensation Board, form CE-200, may be submitted in lieu of Worker's Compensation and disability insurance certificates.

IF WORK IS TO BE PERFORMED ON A RESIDENCE WITH 4 OR LESS DWELLING UNITS BY THE OWNER WHO RESIDES AT SAID RESIDENCE:

NOTE: The Permit Holder is the Homeowner.

- a. **Completed Contractor's Information Form:** Part A, B, and D must be completed for work to be performed by the owner/permit holder;
- b. **Certificate of Homeowner Insurance**, listing the Department of Buildings as certificate holder. The certificate shall specifically list “for work at the premises” and the names of any individual who may help with the work.
- c. Proof that the owner resides at the premises.

Additional Information

- a- **Plumbing and electrical work** must be filed **separately** by a licensed plumber and electrician **after the** issuance of the permit for which this application is submitted.
- b- **You must contact the Building Inspector** listed on your permit to establish a schedule of inspections **before commencing work.**
An inspection request form will be attached to your permit.
- c- **The permit must be closed at completion of work.** Your Building permit will list which certificate you must apply for to close your permit. No permit may be closed if you have not requested and passed the **required inspections and applied for the appropriate certificate.**

Use the correct type of application to avoid delay in the processing of your permit application:

Building permit: for all type of work except as listed below.

Demolition Permit: for all type of demolition.

Equipment Permit: for installation, removal, replacement and repair of mechanical equipment, tanks, fire detection system, fire suppression system, etc...

Reapportionment & Subdivision: to alter existing lots or create new ones.

Amendment: change of contractor, extension of permit, and minor changes in the scope of work of a current permit.

Use the correct type of application to avoid delay in the processing of your permit application:

Building Permit: for all types of work except as listed below.

Demolition Permit: for all types of building and structure demolition.

Equipment Permit: for mechanical equipment, tanks, fire detection, fire suppression system, elevator, etc...

Reapportionment & Subdivision: to alter existing lots or create new ones.

Amendment: change of contractor, extension of time, and minor change in the scope of work.

Items to Submit for a Building Permit Application

Failure to submit ALL the items listed below will result in the denial or in a delay in the approval of your permit.

1. Completed application form. The form must be typewritten or **neatly** printed in **capital** letters. Parts A and B shall be completed by the applicant, and Part C by the NYS licensed design professional, see item 8 for applicability.
3. Proof of ownership: copy of homeowner's insurance certificate or copy of deed. Proof of ownership is only required for new ownership that has not been recorded with the Assessor's Office.
4. Authorization, signed by owner and notarized, naming applicant as owner's agent; or legal proof that the applicant is a principal officer of the corporation if the owner is a corporation. One of these documents is required **if the applicant is not the owner** of the property.
5. Topographical survey of property, with location of trees, utilities and all site improvements. A survey is not required for an application filed for interior repairs, window replacement and re-roofing.
6. Photographs of the facades of the existing building for exterior work such as roofing, stucco, siding, etc... Note that Architectural Review Board approval is required for new structures, extension and change of exterior finishes.
7. One completed Contractor Information Form and contractor's insurance certificates. These documents may be submitted at a later date, prior to Building Permit issuance, when the project requires review of Construction Documents prepared by a registered design professional- see item 8.
8. Three sets of construction documents, prepared by a registered design professional licensed in New York State. See **"Construction Documents Requirements" on the back of this form**. Construction documents are not required for an application filed for replacement, accessory structures 65 square feet or less, fences (other than masonry walls), roofing, exterior walls and driveway resurfacing, above-ground swimming pool, retaining wall 18 inches high or less, ground steps, walkways and patios on grade. **For zoning review and referral** to the Zoning Board of Appeals, Planning Board and /or Architectural Review Board, submit one set of drawings featuring the necessary information, drawings and calculations for zoning review (zoning table and calculations, site plan, floor plans, elevations, architectural section in addition to any other information deemed relevant by the design professional).
9. For projects that do not require construction documents, the contractor shall submit detailed specifications of the work. The specifications shall be typewritten on the contractor's letterhead, **signed** by the contractor and **notarized**.
10. For repairs of structures damaged by fire or other incident, see **Item 4** on back of application.
11. Fee: cash or check made payable to the City of Mount Vernon Department of Buildings.
\$100.00, filing fee, plus: \$6.00 per \$1000.00 of estimated cost for existing 1- and 2-family dwellings, or
\$10.00 per \$1,000.00 of estimated cost for all other uses.
The legalization fee is \$1,500.00 per dwelling unit to be legalized, and \$1,000.00 for all other types of work that requires construction documents; 500.00 otherwise.
The fee for the certificate required to close the permit must be paid before the permit is released to permit holder.

Filing an application does not mean that you can start work. A legalization fee is charged if you start work before the permit is granted. The permit card must be conspicuously posted and the approved plans available at the job site.

Additional Information

- a- **Plumbing and electrical permits shall be filed separately** by Westchester County licensed professionals.
- b- **You must contact the Building Inspector** listed on your permit to establish a schedule of inspections **before** commencing work. An inspection report form will be attached to your permit.
- c- **Your permit will list which certificate you must apply for** at completion of work. A permit cannot be closed if you have not **requested and passed the required inspections** and the inspection report is not signed by the inspector.

Construction Documents Requirements

Construction documents shall be prepared by a registered design professional duly licensed in New York State and shall include the drawings and certifications requested below. These items are neither an option nor a choice from the design professional. No review shall proceed if any of the requested items is omitted or incompletely submitted.

1. SITE PLAN OR PLOT PLAN, AND KEY PLAN:

- Topographical site plan: for new buildings, additions, decks and site work- retaining walls, driveways, etc... **to be submitted in addition to the topographical survey.**
- Plot plan and key plan: for work on an existing structure that does not require any site work or erection of new structures. The **plot plan** shall specify the dimensions of the lot lines, the distance to nearest street corner, and locate the existing structures and north arrow. The **key plan** shall locate the area of work within the building.

2. CODE COMPLIANCE:

- Codes and standards to be complied with shall be listed by name and year of edition. The Mount Vernon Zoning Code and the New York State Uniform Fire Prevention and Building Code (NYS Uniform Code), 2015 edition, and the New York State Energy Conservation Construction Code (NYS Energy Code), 2015 edition. Standards required to be complied with by the NYS Codes for the proposed work shall also be listed. Statements such as: "codes enforced in the municipality having jurisdiction" are **meaningless and not acceptable.**
- Signed certification that the proposed work complies with the New York State Energy Conservation Construction Code. Compliance shall be demonstrated by one of the methods approved by this code.
- **Zoning Code analysis.** See attached sample.
- **Building Code analysis** (see attached sample) and **Egress plans** for each floor level with travel distance dimensions and location of required fire resistance rated construction and exit signs and lights.
- List of separate permits or approvals to be obtained from other state, county or city agencies.
- List of type of work to be applied for under separate permit application, such as electrical work, plumbing work, elevator installation, HVAC, fire alarm, fire extinguishing system, etc.
- Approvals and conditions from city, county or state boards and agencies shall be recorded on the plans.
- Construction safeguards specifications.
- Any notes and materials specifications **related to the work specifically proposed under this permit.**
- Structural design criteria: soil class, seismic design category calculations and design loads, including dead loads, specifications of structural materials.
- List of special inspections and a statement that the certifications of the persons who will perform the special inspections shall be submitted to the Commissioner for approval.
- Limitations for cutting, notching, drilling structural members for pipes, ducts or conduits.
- For work that is permitted to comply with the New York State Residential Code, the geographical and climatic design criteria shall be listed on the plans, in addition to the structural design criteria- DL, LL, roof & snow loads.

CLIMATIC AND GEOGRAPHICAL DESIGN CRITERIA:

Ground snow load	Wind Speed (mph)	Seismic Design Category	Subject to Damage From			Winter Design Temperature	Ice Shield Underlayment	Flood Hazard
			Weathering	Frost Line	Termite			
30 psf	110	C	Severe	42"	Moderate to heavy	7°F	Required	*

* community panel number 360920 0005 B

3. DRAWINGS:

Drawings, 18"x24" minimum and 30"x40" maximum, shall include plans, elevations, sections, details, materials and equipment specifications, notes, list of symbols and separate structural, plumbing and electrical plans- as applicable. Plans shall be drawn in accordance with generally **accepted architectural graphic standards and shall demonstrate that the proposed work complies with applicable codes** (see above/item 2).

Each page of the set shall bear the address, block and lot numbers of the project, the name, address and telephone number of the registered design professional; the project and drawing title; the scale and the date of each submission. Approvals and conditions from city, county or state boards and agencies shall be recorded on the plans.

- 4. For repairs of structures damaged by fire or other incident:** labeled photographs of the damaged structure and a report, prepared, signed and sealed by a registered design professional, assessing the structural, mechanical, plumbing, electrical, fire separation, insulation and finish work required to repair the building.

Changes from the approved plans, made during construction, must be approved as an amendment. See amendment application for instructions.
