

**CITY OF MOUNT VERNON
INDUSTRIAL DEVELOPMENT AGENCY**

INVESTMENT POLICY

I. Scope

This investment policy applies to all moneys and other financial resources available for investment on behalf of the City of Mount Vernon Industrial Development Agency ("Agency") or on behalf of any other entity or individual.

II. Objectives

The primary objectives of the agency's investment activities are, in priority order,

- to conform with all applicable federal, state, and other legal requirements (legal);
- to adequately safeguard principal (safety);
- to provide sufficient liquidity to meet all operating requirements (liquidity); and
- to obtain a reasonable rate of return (yield).

III. Delegation of Authority

The governing board's responsibility for administration of the investment program is delegated to the Treasurer or Secretary who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

IV. Prudence

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the agency to govern effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

V. Diversification

It is the policy of the City of Mount Vernon Industrial Development Agency to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling. The agency will issue a Request for Qualifications (RFQ) to depositories every two years to obtain quotes for fees and interest rates to secure the best terms for the agency's deposits and investments.

VI. Internal Controls

It is the policy of the agency for all monies collected by any officer or employee of the agency to deposit those funds as soon as possible but no later than thirty (30) days of receipt.

The Treasurer or Secretary and Chief Financial Officer (CFO) is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VII. Designation of Depositories

The banks and/or trust companies authorized for the deposit of monies will be determined by the agency following review of submitted proposals.

VIII. Collateralizing of Deposits

In accordance with the provisions of General Municipal Law, Sec. 10, all deposits of the agency, including certificates of deposit and special time deposits, in excess of the amount of \$250,000 insured under the provisions of the Federal Deposit Insurance Act shall be secured:

1. By a pledge of "eligible securities" with an aggregate "market value", or provided by General Municipal Law, Sec. 10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
2. By an eligible "irrevocable letter of credit" issued by a qualified financial institution other than the bank with the deposits in favor of the public benefit for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest categories by at least one nationally recognized statistical rating organization or by a financial institution that is in compliance with applicable federal minimum risk-based capital requirements.

3. By an eligible surety bond payable to the agency for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

IX. Safekeeping and Collateralization

Eligible securities used for collateralizing deposits shall be held by (the depository and/or a third party) a financial institution subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure public benefit deposits together with agreed-upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released, and the events which will enable the agency to exercise its rights against the pledged securities.

The custodial agreement shall provide that securities held by the financial institution, or agent of and custodian for, the public benefit, will be kept separate and apart from the general assets of the custodial financial institution and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution, or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the public benefit a perfected interest in the securities.
